FORMER MAYOR Homer Hyde, in presiding at his last official City Council meeting (April 13) had a shattering experience! You might say that he went out with a big bang!

Homer, as you know, did not seek reelection and served his last year as a councilman as mayor and, in our opinion, established an enviable record as the presiding officer of the Council. (That's all a mayor of Campbell is, incidentally.)

But to get back to the big bang bit.

In opening the Council session (the night before the city election), Mayor Hyde picked up the gavel and pounded for order.

And then the darned gavel broke with the head flying off onto the floor.

-0-

A RED-FACED HOMER had to take time out to retrieve the pieces and for the rest of the evening (the session lasted until 1 a.m.) the mayor was handicapped with only having a handle to "control" the meeting.

In fact, at one time during the marathon session, he had to hand the handle of the gavel to Dean Chamberlin (then vice-mayor) in order to second a motion.

No one is exactly certain how long the particular gavel that was broken that night has been handled by mayors of the city.

But at least four previous mayors had used it without breaking it.

Homer did an outstanding job, incidentally, while chairing the Council during the past year (and he has a broken gavel to prove it).

We don't want to start this again, but, in our opinion, Homer Hyde's record as mayor stands as an outstanding example of dedicated community service.

Briefly, he did his homework well.

-0-

WE ARE PLEASED TO again note publicly that we consider Hyde one of the most conscientious mayors this city has ever had.

And we speak with some authority on the subject.

We have known every mayor of this city personally (there have been 10 of 'em) and have been directly exposed to their actions.

In no way then are we being critical of the mayors who have served their city.

This city has been fortunate in having high caliber personnel wielding the city's gavel over the years.

Just the same Homer worked harder at the job than most of 'em.

We sincerely hope that he keeps his finger on the pulse of his native city in the future, even if he does not have an official city position.

Campbell will be better for it.

-0-

BY THE WAY, THE MAYor of Campbell is ONLY the chairman of the City Council.

Of course, the person who is named chairman/mayor does get recognized at ribbon-cutting ceremonies and all that jazz more than his fellow councilmen.

But we think it is important to submit from time to time that the policy of the city has been in recent years to name a chairman-mayor on a yearly basis. Each councilman, in turn, gets a crack at the job on a seniority basis.

Thus Dean Chamberlin, who served as vice-mayor under Homer, now becomes mayor for the next year.

It can be argued, of course, that the mayor/chairman should be in office for at least two years at a crack.

And that's the way it was for quite a spell.

But the policy of one-year term at a time has a lot going for it.

Little has consistently cooperated in various civic beautification projects through monetary contributions. In the other photos Mayor Hyde presents certificates to some of the younger set who took part in the civic project.

Honor orchestras present concerts

Honor music students on both the elementary and high school level will present special concerts during the next week.

The elementary honor orchestra is made up of the better performing students from all the schools in the school district who are able to spend the extra rehearsal time required and who are able to pass the audition. The orchestra gives the members the opportunity to play and hear music on a higher level of difficulty than is usual on the school level.

The elementary school concert will be presented Tuesday, April 28 at 7:30 p.m. in the school cafetorium under the baton of Ed Tonini. The program will include the Espana Waltz by Emil Waldteufel as well as other selections including popular and semi-classical songs.

The Campbell High School Honor Band concert is scheduled for April 23 at 8:15 p.m. in the Campbell High School auditorium. Guest Conductor David S. Goedecke, director of bands and assistant professor of music education at University of the Pacific Music Conservatory. No charge will be made at either concert.

The 90-member high school district honor band is comprised of wind and percussion students who were selected through auditions from the eight high schools of the district.

Trash pickup Friday

Residents within the city limits of Campbell will get a free trash pickup service this Friday, April 24, conducted by the Green Valley Disposal Co.

For residents to take advantage of this semi-annual service offered by the disposal company, all debris must be on the curb in front of the residences by 7 a.m. Friday. (Or in the alley, if that is the regular pickup station.)

The trash must be placed in boxes or metal containers light enough for one man to carry. Trimmings must be bundled in four-foot lengths.

No large items such as furniture or appliances will be picked up, nor will boxes of dirt or rocks be taken away. If an old trash can or garbage container is to be removed, the resident should place a note on it to that effect.

Green Valley Disposal, as part of its franchise agreement with the City of Campbell, offers this service in conjunction with the annual cleanup crusade in the city in the spring and fall.

Dean Chamberlin

City gets new mayor

DEAN CHAMBERLIN
--takes gavel

Dean Chamberlin, 54, a high school administrator and a resident of Campbell for more than 30 years, was named mayor of the City of Campbell on Tuesday night by his fellow councilmen.

Chamberlin, vice - mayor during the past year, will serve for a year in the mayor's chair following a policy adopted in 1969 of rotating the job.

Chamberlin succeeds Homer Hyde as mayor. Hyde did not run for reelection.

Chamberlin, and his wife, Veva, reside at 104 Carlyn. Their two sons, Don and James, were both honor graduates of Campbell High. Don is now doing graduate work at Stanford and James is attending Claremont Men's College.

The new mayor was elected to the City Council in 1968 after prior service on the Planning Commission.

Sworn in as councilmen on Tuesday night were Ralph Doetsch and Bill Podgorsek, who were elected to four-year terms as councilmen on April 14. Doetsch begins his third term as a city father while it will be a first term for Podgorsek.

Also taking their oath of office for new terms were City Clerk Dorothy Trevethan and City Treasurer Velma Olds. They also were reelected in the city election.

The Council met Tuesday in special session to canvass the vote of the election and to organize for the new year.

Prior to the canvass, an American flag was presented to the City by the Youth Commission. It was accepted by outgoing Mayor Homer Hyde as one of his last official acts as mayor.

Next Monday night

Council acts on city hall bids

Campbell councilmen were keeping their fingers crossed this week in anticipation (hopefully) of awarding the contract for the construction of Campbell's long-awaited new city hall next Monday night, April 27.

Bids for the civic center complex will be opened this Friday, April 24, at 4 p.m. by City Clerk Dorothy Trevethan and will be tabulated by Bill Hedley, architect, in preparation for the Council action Monday.

Approximately 15 contractors have taken out plans and specifications for the building. Preliminary estimates run between $720,000 to $740,000 for the 28,000 square-foot structure after some facilities had been removed from the original plans.

Other agenda items for next Monday's meeting include a request for a stop sign at Moore and Pollard submitted by Rolling Hills School personnel and a request from the Campbell JayCees to hold their annual corner May 7-10 at San Tomas Road and Campbell Avenue.

Up for discussion by the Council will be whether Campbell should participate to the extent of $460 in an ecology study of San Francisco baylands.

An appeal is also before the Council by R. J. LoCastro from a Planning Commission denial of a sign for "Big Brake" on Winchester.

City Attorney Joe Bonacina is also scheduled to present the Council with a proposed draft of an ordinance that would regulate to some degree the towing of vehicles off private property.

Civic group asks for volunteers to landscape S T expressway

On Thursday, April 29, at 3:30 p.m., members of the Campbell Citizens for Beautification will be meeting with Santa Clara County public works official Jim Potts to discuss plans for landscaping of the San Tomas Expressway.

The county public works department has indicated that it will donate the plants and dig the holes necessary for planting of the shrubs, if the community can furnish the volunteer labor needed to put the plants in the ground.

Any organization that would like to be a part of the planting project is asked to call Mrs. Jeanette Watson at 378-7367 for further information.

Special programs mark annual Public Schools Week, April 20-24

Public Schools Week in Campbell area schools is being observed with elementary school visitations, special "Town Hall Meetings" in all of the high schools in the district, and a high school honor band concert on Thursday, April 23, at the Campbell High School auditorium.

The Town Hall meetings are designed to have open discussion on what services should be curtailed from the high school program due to the failure of the last district tax election. The Campbell High School meeting will be held tonight, April 22, in the high school cafetorium, with a planned PTA meeting being postponed to a later date.

Parents will be asked to present their views of the cutbacks following a panel discussion of the problem. Bob Peck, Campbell High School principal, will serve as moderator.

In the Campbell Elementary School district many schools have already held open houses at which parents visited the various classrooms, held PTA dinners, and special school music programs, and school assembly.

The Campbell Elementary School will hold its open house and "Students-in-Action" program on Thursday, April 23 from 7 to 8:30 p.m. All parents and friends are invited to visit the school and classrooms throughout the week, and projects showing learning processes are planned by all of the science, physical education, home economics, industrial arts, Spanish, and

Editorial

Congratulations

A disappointing 21% of the registered voters within the city limits of Campbell went to the polls on election day.

At stake were two seats on the City Council and the offices of City Clerk and City Treasurer.

We congratulate the successful elective officials, Ralph Doetsch and Bill Podgorsek, councilmen, and Mrs. Dorothy Trevethan, city clerk, and Mrs. Velma Olds, treasurer.

Although the vote was small, the fact remains that the citizens have spoken and have elected their representatives for the next four years.

The bustle of campaign activity on a local level will now lie dormant for the next two years.

Unfortunately elections often prove to be devisive in nature and emphasize the schisms that exist in any community.

Campbell is fortunate, however, because any so-called "schisms" are hopefully not deep.

But the fact still remains that elections quite often do cause hard feelings. No one likes to lose whether it is by ballots or in sports.

We have long maintained that a person who "runs" for an elective office should run "scared" and hard. Or he shouldn't run.

We have also maintained that every person has a right to his own opinion (or vote) and there has to be differences of opinion or there would be no need for elections.

We find no fault with defeated candidates being upset with their opposition. We think that is a common human fraility.

But we also maintain that after the votes are counted and the results have been determined, a sincere effort should be made to heal any wounds that may have developed during the campaign by winners and losers alike.

Nothing can be gained for the community at large, if grudges developed in election campaigns are allowed to fester.

In a community election such as was held in Campbell on April 14, campaigning, for the most part, must follow the so-called personal approach.

And by the very nature of this approach, the election, unfortunately, tends to develop into personal issues.

Unwarranted stress then is sometimes placed on friendship rather than on overall community betterment.

But it is the electorate that decides the issue at the polls, no matter what the campaign approach may have been.

The voters make the decision, even if the turnout of 21% is disappointingly small.

We think the campaigning in the city election just passed was the most intensive in the history of this city, especially in the council race, even if the total vote cast does not bear that out.

We think Kel Young, the defeated candidate, ran a strong and sincere campaign. We congratulate him for his efforts.

We sincerely hope that he will continue to keep his interest in the community at a high pitch, for this city needs the support of people like Kel with his background of civic problems.

We sincerely hope also that Homer Hyde, who has served his community for so long as a councilman and a planning commissioner, will continue to "help out" from time to time.

All of us know the record of Ralph Doetsch, who was elected to his third four-year term of office on April 14.

He stood on his record and the voters again placed their confidence in him.

We also sincerely believe that Bill Podgorsek, who was elected to his first term on the City Council, will prove to be an outstanding councilman.

Podgorsek has proved in the past few years that he believes sincerely in his community and we feel he will carry that same enthusiasm into the council chambers.

City Clerk Dorothy Trevethan, who was unopposed for her fifth term, received a great vote of confidence from the electorate and she deserved it.

City Treasurer Velma Olds, who won her fourth term of office, has an excellent record of dedicated community service and we know she will continue to sincerely serve her city to the best of her ability.

We also think that Mrs. Nadine Sargent should take justifiable pride in the showing she made in her first time on a ballot.

So congratulations to all – Best of luck.

It emphasizes very definitely that the mayor, despite any added glamour that the job might offer, is on the same footing with the rest of the city fathers.

There have been times in the past when the five-member Council was so divided that the division carried over in the naming of the mayor.

In passing we again reiterate that we believe that Bill Podgorsek, the "freshman" councilman, will be a tremendous asset to the City Council.

AS AN INTERESTED OBserver to the annexation and "pre-zoning" of the properties on South Bascom, of which "The Yardstick" was the key parcel, we couldn't help drooling a bit.

As some of you might recall, residents adjacent to "The Yardstick" hoped that there was some way for the City to control the expansion of the yardage firm.

Apparently the "Yardstick" business has increased so much in recent years that the adjacent residents were complaining that they were being adversely affected by the company's growth, in one way or another.

Now, don't get us wrong. We don't like to have our neighbors complain any more than the next guy does.

On the other hand, it seems to us that, if there are going to be complaints, we would prefer to have 'em about our increased business.

After 15 years or so struggling with your community newspaper, we have yet to have had a complaint that our "increased business" has bothered adjoining property owners.

In a fiscal way, we sort of wish that weren't true.

Hence our "drooling" about "The Yardstick".

FOR SOME TIME NOW we have been trying to figure out how to work in an item in this column about some golf clubs and bag that were supposedly lost for a brief period of time by a golfing buddy of ours.

It was not an earth-shaking incident to be sure, but the panic button was certainly pushed for a time.

When the Rev. Ben was dropped off at his place after our gruesome foursome had finished its weekly struggle with the little white pill, Ben's clubs were missing. That's a real disaster for a golfer.

The first thought was that the clubs had been left at the golf course.

A frantic call to Oak Ridge was to no avail.

But there was a happy ending.

It turned out that the clubs had been dropped off at Bill Means' house along with Bill's.

But no one had paid any attention to that fact (they were too busy talking about strokes), until Ben came up short and Bill long.

Clubwise, that is.

But who believes that Ben needs his own clubs anyway?

We claim he can use a plain old stick and still come out on top.

LAST WEEK WE COMmented about the gimmick (sending one cufflink to us) that the British Columbia tourist department used to publicize the virtues of that Canadian province as a vacation paradise.

If you recall, the British Columbia people indicated that, if we sent a clipping about their promotion we would get the other cufflink.

Although we use cufflinks about twice a year, we thought the gimmick was good. We duly reported same.

But all newspaper people don't think that-away. We have learned.

One editor was so incensed by this approach of the British Columbia people that he sent off a nasty note to the PR guy who was responsible. He also sent a copy of the letter to the California newspaper association weekly bulletin.

In effect, he claimed it was a "crude little bribe" and that his paper only printed news on its merits.

We still think the gimmick was a good one and have no feeling of guilt for using it, despite the fact that we have no use for either one or two cufflinks.

NOW THAT APRIL 15 has passed and one's "deductions" are a matter of record, subject to IRS scrutiny, of some of the gripes bear repeating.

For instance, we overheard one guy complaining that he could deduct the expense for sending his horse to school but he could not deduct the tuition for his daughters, who are attending college.

Would you call that a "horse on him"?

Gilman - Dillon - Railway area may get P-D zoning

Campbell's problem area, the Gilman-Dillon-Railway sector, will be zoned P-D (planned development), if the City Council follows the recommendation of the Planning Commission made Monday night.

The Commissioners indicated that they favored PD zoning in an effort to give the City as much control as possible over the developments in the area and, at the same time, recognized that it was necessary to be practical about the land-use situation that now exists.

The adoption of the P-D recommendation was the second phase of a three-part act on Monday night affecting the area which has been under interim zoning for almost 18 months as the City sought to get federal aid under the Neighborhood Development Program for multiple-housing units as recommended in the general plan.

Arthur Kee, planning director, informed the Commission that, according to Federal officials, federal funding of the project was very indefinite the project was very indefinite.

The area in question had been zoned M-1-S (light industrial) for many years prior to the interim zoning that was placed on it. Many of the property owners present at the meeting indicated they favored retaining that particular zoning.

Although the P-D zoning was adopted unanimously in short order, the groundwork had been laid for it in the previous action taken by the Commission which modified the general plan for proposed land use of the area.

The land-use amendment was necessary because the general plan called for medium and high density residential zoning for the entire area.

After more than two hours of discussion, the Commission by a 4-2 vote approved the land-use plan recommended by the planning staff which specified that the parcels along the creek and those south of Central Avenue would be for light industrial purposes.

That portion between Gilman and Railway north of Central could be either industrial, professional office or medium density residential.

Commissioners Frank Klein and Dale Scott opposed the new land-use plan while Commissioners Merrill Grim, Thayer Lyons, Jack Healey and Ed Pack favored it. A previous motion by Klein to maintain the existing land use pattern (medium or high density) lost by the same line-up.

It was indicated by those favoring a change that the prime reason for their attitude was that federal funds were so nebulous.

In placing P-D zoning on the entire area, the Commission went against the recommendation of the planning staff which had suggested R-2-S (medium density) for the two-block sector between Gilman and Railway north of Central Avenue.

Taking part in the discussion, in addition to the property owners involved, was Bill Hedley and Lowell Grattan, of the Chamber of Commerce industrial committee.

They said their committee had recommended P-D zoning for the two-block area and M-1-S for the southern portion and along the creek.

Before the Commission in a related matter were two requests for industrial buildings in the affected area.

Home Federal Savings and Loan had asked to construct a building at 126 Dillon and R & M Plastering asked for approval of a building at 293 Dillon.

Action on both requests was continued until the next meeting to allow the applicants to see if they want to meet the P-D requirements. However, the City Council must take action before the zoning is final.

In other actions, the Commission approved:

Plans for expansion of La-Fonda restaurant at Bascom and Campbell avenues;

Plans for a shopping center at San Tomas Road and Campbell Ave;

Plans for a new Bank of America branch in "The PruneYard" at Bascom and Campbell.

Approved also was the zone change request of Alan Sims from R-1 to P-O (professional office) for property at 866 E. Campbell Ave.

The Commission also approved the parcel map submitted by Wiesteria Investment Company for property on the south side of West Hamilton between Winchester Blvd. and Dunster.

St. Lucy's Youth council plans summer activities

St. Lucy's Youth Council, which began as an idea in September, became a reality in March, with the election of officers and plans for the future.

Elected as president was Bob Clarke, assisted by Dianne Cary, vice president; Bridget Lee, secretary and Mike Powers, treasurer.

The council has already sponsored successful monthly dances for high school and college students, a car rally, a Christmas happening and a junior high school age dance.

Council plans include continuing the monthly dances and, during the summer months, to open Kennelly Hall as a gathering place for young people.

Other far-reaching plans for the St. Lucy's Youth Council would be to involve the teenagers of Campbell and surrounding areas in dances, ski trips, beach outings and affairs that interest all who would like to become involved.

Four committees have been formed that will cover most of the areas of interest, including social, cultural needs, spiritual and communications.

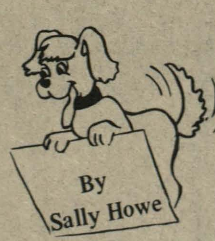
Bringing up fido



©

Many of the subjects which I cover each week are prompted by events of the past days.

This week's subject is "Shots, Bites and Reactions" because I was involved with both recently.

On the subject of shots, I am rather outspoken in believing strongly that no person should expose their dog to another dog unless BOTH have full immunity to distemper and hepatitis.

I do wonder, however, if the pet owner knows that dogs occasionally (don't get alarmed-I said "occasionally") have reactions to their immunizations-just like some people do.

The most common reaction seems to be a swelling up of the facial area and if not treated promptly, could cut off their breathing. Great, you think, suppose I can't get the dog to the veterinarian?

Having posed the same question myself, I have been told that over-the-counter antihistamines, while slower acting, can be used when this occurs.

A similar treatment is advised when an insect bite is evidenced. However, prompt treatment by a vet is still the best course of action.

One note of warning: I once had a young puppy try to eat a bee, who stung in retaliation. Instead of swelling, the puppy collapsed and went into a state of shock. Prompt medication, and an insistance that she keep on her feet kept her system going until the antihistamine took effect was what saved her.

Don't feel you are a scaremonger if you feel the need to seek attention in a hurry. Your dog's life may be at stake!

* * *

When are shots due?

According to his particular leanings, every doctor has slightly different schedules of immunizing the dogs put into their care.

In more recent years, more dog breeders are eliminating "puppy" shots and trying to somewhat isolate young dogs until they are old enough for a permanent type vaccine. At ten to 12 weeks, the puppies are given their "first" shots.

A month later, a second shot is given. Some doctors give distemper alone and add hepatitis and leptospirosis to the second one. The important thing is not WHAT but WHEN.

Young dogs are susceptible at different times, according to the immunity carried from their mothers and it takes a blood test to determine exactly what that immunity is. Playing it safe, the shots are given sooner rather than later and the dogs ARE NOT unduly exposed to outsiders.

* * *

Okay, I've discussed what's on my mind? What's on yours? "Bringing Up Fido" is always looking for subjects to bring to our readers. Write to Sally Howe, c/o The Campbell Press, P. O. Box H, Campbell, Calif. 95008.

Camden Chatter

by Paul Bell

"Send Me No Flowers" will be held in the Camden cafetorium on April 23, 24 and 25. Show time is 8 p.m.

The play is about George Kimball, who happens to be a hypochondriac. One day he overhears his doctor discussing a patient who is going to die. George naturally thinks the doctor is referring to him. This being the case, he decides to find a new husband for his wife.

Meantime, his wife, who is trying to figure out what is happening to George, comes to the conclusion he has another girl.

Is George Kimball really going to die, or does George have another girl in mind? Well, the only way to find out is to see for yourself. Cast members include: Art Apgar, Dee Dawson, Dianne Dewitt, Celon Dunlap, Alex Imree, John Parker, Rita Phonnensties, Randy Roetman, Pat Teverbaugh, Robbi Thornburg, Elsie Travato and Paul Wright. Student director is Karen Balkow.

"Send Me No Flowers," which was a Broadway play, is full of subtle humor, so be sure not to miss it.

Camden's sophomores held the third annual class party on Friday, April 17 in the Boys' Gym. Swimming, volleyball, pool, ping-pong and basketball were a few of the activities in store for them. Besides their vigorous play, the students were able to snack on salads, hamburgers, desserts and coke.

Camden's CSF and Honor Society members will be off to San Francisco for their annual trip May 6. The students will be able to go to places like Fisherman's Wharf, Golden Gate Park, Civic Center and the Japanese Cultural Center.

Campbell Corners

By Cindy Harris

Campbell's swim team is on the move taking Westmont on April 14 with a score of Campbell 55, Westmont 40. Pete Hovland was a double winner in the meet, winning the 200 freestyle in 204.9 and the 100 free in 54.9.

Tony Gangitano took first place in the diving competition with 137.40 points. Steve Hitch, with a time of 109.2, took a first in backstroke. Rick Vestneys also did well in anchoring the medley relay to victory and in taking a first in the 50 free and a second in the 100 free.

Don Vierra and Paul Roseland placed first and second respectively to cinch the victory with times of 111.3 and 112.7 in the breaststroke.

On April 10 the freshman swimmers won their first meet in two years against Blackford. All the boys did well with Joe Meduri anchoring both relays and winning a victory in freestyle.

John Wood and Mark Sylvia both swam relays. John won the 50 free, and Mark also took first in the butterfly.

Mahlon Randall won the diving events in that same meet. Frank Szczurko also did well taking a second in the 100 individual medley and the 100 backstroke. Dale Lewis also placed a second in the 50 fly with a time of 32.4.

This is the week that school officials and representatives from the faculty and student body will evaluate last week's open campus. The outcome of this evaluation will determine the future of open campus.

Now is the time for the seniors to start thinking about the all night graduation party. This year it will be held at Frontier Village from 10 p.m. to 4 a.m. The cost is $12.75 per person and reservations can be gotten through Mr. Wood (Ron's dad).

Also coming up is the best musical ever performed on the Campbell High stage. "Finian's Rainbow" will be presented on May 7, 8 and 9.

CSF recognition night will be held on April 29 at 7 p.m.

The girls' sports gymnastics group, in the final meet at Saratoga, took second place out of ten schools. All of the girls did very well but Liz Doss, freshman, and Sharon Wungluck, senior, did exceptionally well.

Liz took first place for an all-around performer. Sharon took fifth all-around. This means that both girls participated in all four events including floor exercise, balance beam, tumbling and vaulting.

Also, out of 25 contestants, Kris Nunes, a senior, took a first in floor.

Congratulations, girls!

Letters to the Editor

ANSWERS CRITIC

Dear Sir:

I have read the letter of Betty Olesen which appeared in the March 25th issue of your paper.

I feel that I must publicly state that her letter is replete with misstatements, false statements, and inaccuracies. Although I do not believe it is appropriate or necessary to detail these in a letter to the Editor, I want the taxpayers and citizens of West Valley College to know that the lessons were conducted after my school hours and on my own time. I agreed to give Mrs. Olesen a "tryout" at the college because she said she worked near the school and could not come to my home.

Sincerely,
Marvin Scott

COLLEGE CRITIC

Gentlemen:

I was very interested in the letter from Betty Olson in the recent issue of The Campbell Press. Such silence from the college! There may be more going on here than Miss Olson realizes.

The brochure she mentioned where she first read about Mr. Scott was a mass mailing - expensive and impressive - announcing a new class in Keyboard Literature. Reading the brochure anyone would get the idea Mr. Scott was a noted concert pianist. This fancy bit of advertising covered a class limited to 40 people (I wonder what that would make the cost per student.) and notice of the class could have been published in every newspaper in the area, the way they usually do it, without charge. It's easy to see who benefited from the mailing and it would be VERY interesting to know who authorized the expense.

But I don't imagine the West Valley College administrators are going to let us in on that!

Very truly yours,
Joan Davis
129 Blake Ave.
Santa Clara, Calif.

THANK YOU

Dear Mr. Vierhus,

When a person has a "Thank You" to write, it's very difficult to find where to begin. I could start with saying "Thanks" to my husband and children because "Mother" took on another Chairmanship for some cause.

Next would be a wonderful gracious, un-selfish Mrs. Mary Lou Alvarez who was my Co-Chairman for the Campbell Hi Booster PTA Flea Market, Mrs. Katherine Bicocca and Frances Pigg for all the publicity plus other work they so faithfully did. Mr. Bob Peck, our principal, Coaches Al Matthews and Gordan Hunzie, Mr. Bill Mitchell for their extra, extra work.

There are many more people too numerous to mention whom I hope will read this and know I thank them, too.

The Campbell Press did such an excellent job giving us picture and article coverage, judging from the huge turn-out Campbell High student parking lot was the most popular place in town Sunday.

Thanks so much,
Mrs. Katie Ross

DENIES CHARGE

Dear Sir:

In reply to the letter of Mrs. Betty Olesen which appeared in your issue of March 25, 1970, in which she claimed to have called me on the telephone with regard to private piano lessons, I wish to say that at no time have I ever talked with Mrs. Olesen either in person, or by phone.

I do not teach piano at West Valley College, and I have never taught piano lessons privately.

Sincerely yours,
Kenneth W. Jewell

TOWING HASSLE

EDITOR'S NOTE:

The following letter from the City Manager is self-explanatory.

Mr. P. J. Sullivan
2289 Wren Way

Dear Mr. Sullivan:

In the March 11, 1970, issue of the Campbell Press, you wrote a letter to the editor which outlined a complaint in the manner in which your car was towed away from the Campbell Center Shopping Plaza Parking Lot. Police Chief John Morgan responded to your letter indicating authority of the Police Department in this matter.

The City Council at their regular meeting of March 23, 1970, directed the City Attorney to prepare an ordinance which would regulate towing services within the City of Campbell. City Attorney, Joseph Bonacina, is currently drafting this ordinance; and we anticipate that it will be submitted for first reading to the City Council at their regular meeting on April 27, 1970.

I would like to take this opportunity to thank you for bringing this matter to our attention, and we trust the new legislation will correct any future inequities relating to the charges for towing from private parking lots in the City of Campbell.

Sincerely,
Robert C. Stephens
City Manager.

ENJOY HIKE

Dear Editor:

Regarding your picture coverage of the hike along Los Gatos Creek on Saturday, March 28, we wish to make one addition to the story.

Some of the hikers continued beyond Vasona Park to Lexington Dam, passing through a 100-foot culvert under Highway 17 at the Saratoga-Los Gatos Road.

At Lexington Dam the first group of hikers to arrive, about 12 adults and children, tired, hot and thirsty, shared one lemon and one cactus fruit "picked up" along the way.

A few of the hikers even walked back to Los Gatos from the dam. In all, about 25 hikers made it to Lexington Dam.

It was a very enjoyable day spent with very pleasant people. We hope there will be another walk, soon as we get over this one.

Yours truly,
Mrs. Ann B. Pinkham
Carrie S. Pinkham

St. Thomas church dedicates new parish hall Sunday, April 26

The Most Rev. Archbishop Joseph T. McGucken will be the principal celebrant at the dedication of the new St. Thomas of Canterbury Catholic church parish center, on Sunday, April 26 at 4 p.m.

The Archbishop will bless the new edifice and participate in the mass with the Rev. Paul A. Perlite, pastor and the Rev. Warren L. Woods, associate pastor as concelebrants.

The new hall, which will hold approximately 1000 people, is located at 1533 McCoy Ave. The parish, founded on June 15, 1967, serves 1,500 families. The new hall features stack seats which lends itself to dual usage as a parish center, church and chapel. The first mass was celebrated on All Saints Day last year.

Following the dedication ceremonies refreshments will be served and a social enjoyed.

NEW PARISH HALL--Above is the artist's drawing of the new St. Thomas of Canterbury's parish center located at 1533 McCoy Ave., which will be dedicated Sunday, April 26.

Bike riders observe "Earth Day" in Campbell

"Earth Day", today, April 22, in Campbell will be observed by the West Valley College and the Campbell Elementary School.

At the Campbell Elementary School the students of Mrs. Lois Blair, science instructor, will ride their bicycles to school in a group after first meeting on Railway Avenue, with Mrs. Blair in the lead.

All during the week the children have been conducting extensive litter-pickup campaigns and on Wednesday during the day, trees will be planted by students from each class.

At the West Valley College four principal speakers will participate in an ecology teach-in on the Saratoga campus from 12 to 2 p.m. Subjects covered will include the need for education, water pollution, population biology and use of pesticides and disposal of waste products.

In addition to the noontime teach-in, students will also hand out "fickle finger of fate" awards to litterbugs, conduct a population crowding contest to see who can crowd the most people into a Volkswagen, have an inorganic garbage display, and a songfest featuring original environmental songs.

The Veterans Club sponsored an aluminum can collection drive prior to April 22, with cans to be dumped into chicken wire containers on the campus and then redeemed for 10 cents a pound. Money from the project will be used for some type of campus beautification project.

All instructors at the college have been given permission by the academic senate, dean of instruction and administration to use class time to concentrate on some point of the environmental crisis in the country.

Development of Creek recreation plans move ahead

Landscaping of the Los Gatos Creek area from Campbell Avenue upstream to Kirk Ditch as well as direct access to the creek for recreation purposes may be accomplished, it was indicated by Lloyd Fowler of the Flood Control and Water District project to members of the Los Gatos Creek Development Committee at the April 7 meeting.

Fowler stated he is recommending the district hire an architect to develop a landscaping plan for the area instead of the sterile concrete ditch so often left by the flood control.

Plans were reviewed by the Los Gatos Creek park development showing a detailed map from Campbell Ave. to the San Tomas Expressway. A 200-foot wide channel with 15-foot wide access roads which could be used for hiking, bicycle riding and equestrian paths is in the planning stages.

It was suggested that the committee recognize the efforts illustrated in the Skyline Parkway Plan which showed the presence of equestrian trails from Campbell Park all the way to Lexington Dam. Horse owners desiring such trails are urged to contact the committee in order to establish the need and desirability of the network.

Beautification of the Los Gatos Creek area will be of major concern to the committee, with the next meeting scheduled for Tuesday, May 19 at 7:30 p.m. in the Campbell City Council Chambers.

New owner for stationery store

H. A. "Hap" Parker, Jr., of Burlingame has bought the Campbell Stationery on Campbell Avenue from E. R. Thomas and has taken over the operation of the business. Before coming to Campbell, Parker had operated a stationery-camera store and a dry cleaning business in San Francisco.

Mr. and Mrs. Parker plan to move to Campbell as soon as they dispose of their home in Burlingame. Parker is a native of Honolulu and son of the late Captain "Hap" Parker, career officer of the U.S. Marine Corps. While his father was stationed on the Islands, Parker attended schools in Honolulu, where he was a graduate of St. Louis College, with two years of law schooling.

After his law studies, Parker entered the insurance field, where he remained until leaving for San Francisco in 1942. The Parker's have two children, a son, H. A. Parker III, who is area manager for Minnesota Mining Co., and a daughter, Jean Marie.

During most of his business career, Parker has taken an active interest in community affairs, and plans to continue such interests in Campbell, he said.

WV College board employs 171 for faculty; to hire 30 more

Trustees of West Valley College employed 171 faculty members Thursday night for the 1970-71 school year. This is an increase of four teachers from the 167 employed this year. The college still must fill an additional 30 vacancies before fall.

The increased faculty is needed to cope with an expected increase of 22 per cent in the day student enrollment. This year alone the student enrollment jumped by over 23.6 per cent from 1968-69.

Among the group of teachers reemployed were 23 who were given permanent status or tenure in the district for the first time.

In other action Thursday night, the board:

Approved payment of financial claims for a total of $262,527.85.

Approved an agreement with D. Tomacci and Son for vandalism insurance coverage during construction of the campus center building on the Saratoga campus.

Approved an agreement with Sanitation District No. 4 for a grant of $15,000 for engineering services and right-of-way acquisition for a trunk sewer extension on the Saratoga campus.

Approved the following personnel matters: Appointed Mrs. Mary Johnson as typist clerk, William Salewsky as groundsman, and Mrs. Eva Chin as keypunch operator.

ARMADILLO

The name armadillo is the diminutive of the Spanish word "armada" and in a broad sense means "the little armored one".

Hank Santoro Says

We have 430 playgrounds being used only part-time at our schools. We must bring the county and schools together for an effective recreational program with available resources.

Castlemont children grow flowers in school beautification contest

A beautification contest is being conducted at the Castlemont School, 3040 E. Payne, with the children of the different grades engaged in a contest. Different plots, around the school ground, were picked by the fourth, fifth and sixth graders.

Each classroom then designed their own plot, taking into consideration the exposure, and obtained the plants needed to carry out their garden. Plants were donated or purchased with the PTA aiding with the necessary funds. The entire project, from planting, watering, cultivating and fertilizing, is carried out by the children with frequent consultations with Dexter Kihara, school district gardener.

The various plots will be judged by the PTA in June, and in the meantime the children are watching their gardens grow.

A THING OF BEAUTY--Sixth graders, Room 4, designed an Oriental garden. Tending it are Larry Valenti, Janet Keene, Mike Clarke, Glenn Tanabe, Laura Louden, Andrea Benke and Scott Mitchell.

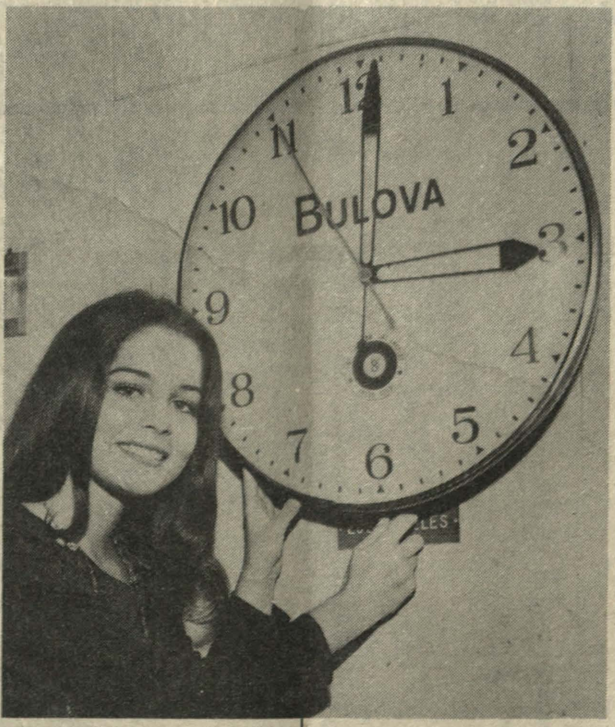
BEAUTIFUL FLOWERS---A shady garden also grows, as Chip Rooney, David Takiwa, Larry Buchanan, Lauri Carli, Steven Barnett, Doug Shannon and Nicki Pelican from Grade 4, Room 2.

THEY WILL GROW--Students from Grade 6, Room 18, are Kathy Bowman, Vonja Pavlof, Steve Lajola, Sharon Peck, David Ashe, Ricky Cabral and David Sullivan.

A SUNNY PLOT---Girls from Grade 5, Room 17, Castlemont School, planted flowers designed for sunshine. Above are Sherrie Hoffmeyer, Edna Rodriguez, Kim Adams, Karen Gledhill, Colleen Schroeder and Jeannine Peck.

BOYS GARDEN---Boys from Grade 5, Room 17, have their own garden. Garden tools are being used by Sammy Juarez, Mark Fisher, Bret Pearson, David Lajala and Robert Dodds.

RIGHT BY THE DOOR--Grade 4, Room 1, students have a sign on their plot. Above are Mike Gillilaird, Beck Smith, Mike Benjamin, Terri Keller, Bev DeLozier, Curtis Konno, Christine Scholverg and Chip Tanner.



SET 'EM AHEAD---Diane Dye, Miss Greater Los Angeles Press Club, reminds one and all to turn ahead their clocks to mark the beginning of daylight saving time which officially begins this Sunday, April 26, at 2 a.m.

"The Royal Fork" now open in Kirkwood plaza

The large "Sveden House" restaurant in the Kirkwood Plaza shopping center which has been closed for nearly a year, re-opened this past weekend with a new name, "The Royal Fork". The entire building has been completely remodeled and redecorated and will provide the Campbell area with a 550-seat restaurant.

This is the sixth "Royal Fork" restaurant to be opened by States Investment Corp., owners, of Boise, Idaho. Others are located in Seattle, Mercer Island and Yakima, Wash., Pocatello and Idaho Falls, Idaho. Other restaurant properties of the company are located in Idaho, Washington, Oregon, Nevada and Wyoming.

President of the fast-growing company is Jerry L. Caven, a former school teacher of Boise, Idaho. Caven's first venture into business was a McDonald's restaurant in Boise. Since then, the firm he heads has mushroomed into a multi-million dollar diversif

In describing the new restaurant chain, Caven said, "Our concept involves elegant buffet dining. Our basic format is to present quality, homecooked foods, as much as the customer desires, at one low price ($1.35 lunch; $1.95 dinner - with both prices including beverages and dessert).

"We also stress exceptionally fast service to a large number of people, in a clean and restful surrounding. All units have banquet rooms".

The new restaurant will operate from 11:30 a.m. to 8:30 p.m. daily and from noon to 8 p.m. on Sundays. Manager of the Campbell restaurant will be Ken Murray, formerly manager at Yakima, Wash. Murray had previously spent ten years with the Sago Foods Corp. He is married and has one child.

Murray is a graduate of Washington State University in restaurant and hotel management.

SPORTS FANS!

I BET YOU DIDN'T KNOW

By Al Salciccia

One of the most fantastic records in all of sports is held by the U.S. in basketball competition in the Olympics . . . Did you know that the U.S. has never lost even one basketball game in Olympic history? . . . Since the beginning, the U.S. has 54 consecutive Olympic basketball triumphs.

* *

Here's a surprising fact... A sports writer in another city has done some research and says that, contrary to popular opinion, Honus Wagner was NOT one of the greatest baseball players of all-time!... Although everyone always assures Wagner was one of the very best hitters of all-time, this writer points out that a surprising total of 34 players actually had higher lifetime batting averages than Wagner...And in the field, Wagner averaged more than 50 errors a season while today no big league shortstop – even the poor ones – make that many.

Quito Little League starts season

Quito Little League baseball season kicks off on Saturday, April 25, at 9:30 a.m. at Pollard Park, corner of Abbott and Pollard Road.

A flag raising ceremony, introduction of teams, managers, sponsors and Parent Board members will be held before the first ball is thrown for the start of the third year of play. Over 500 boys participated in Quito Little League, divided into three divisions. All boys who came to the original sign-ups and try-outs have been placed on teams.

According to the rules, every boy will play at least two innings per game during the season. Funds are raised by candy sales, a Mother's Day pancake breakfast and a Memorial Day weekend carnival.

Jim Seager serves as president of the men's board and Mrs. James Martinez heads the women's auxiliary.

Also scheduled for opening day ceremonies are the Moreland Little Leaguers with the opening games to be held Saturday, April 25, at Payne Avenue park.
